Grant Support:

a. Previous Support:

Donald Archibald Grant for History of Surgery. Southern Surgical Association 2005.

Clinical Service Contributions:

I have built a program on dedicated Hepatobiliary and Pancreatic Surgery on which we receive patients from the entire state of Georgia and surrounding states close to Georgia's border. Our program is recognized in all aspects of patient care and also interacts with other departments, such as, Radiology, Pathology, and the Transplant Center.

Formal Teaching:

a. Medical Student Teaching:

Basic Science Conference: with medical students every six months 2003 - Present

M - 4 Surgical Anatomy Course: *Large and Small Bowel* April 2004

This is a hands-on animal surgical lab. The purpose of this course is to give senior medical students, who are matched and going into a surgical residency, a high level hands-on training experience which will take them into their surgical career.

Mock Oral Exams: Participate in Mock Oral exams for chief Residents April 2004 - Present

b. Graduate Program:

Residency program: 2003 - 2004

Monday: Round with the team in the morning.
Tuesday: Round with the junior and the chief in the morning, including OR days.
Wednesday: Round with the entire team after M&M Conference.
Thursday: Round with junior and chief resident after the first case.
Friday: Round with the junior and the senior / chief resident after the first case.
Saturday: Round with the person assigned to the weekend.
Sunday: Phone call to the person on call for that day.

Educational discussions are held most Mondays.
Discussions (mock oral type) with chiefs every fourth week at 6:30 a.m.
HPB Surgery lecture to junior residents every four months (Thursdays, 8:15 a.m.).
Lecture to senior residents two / three times per year (Thursdays, 6:15 a.m.).

Supervisory Teaching:

a. Other:

Pablo Ordonez, MD, Fellow July 2005 - July 2007

Lectureships, Seminar Invitations, Visiting Professorships:

Northeast Georgia Medical Center September 16, 2003
Management of Metastasis Disease of the Liver
Gainesville, Georgia.

Universidad del Valle Annual Meeting of Surgery May 2008
Laparoscopic surgery of the Pancreas
Cali, Colombia.

Universidad del Valle Annual Meeting of Surgery May 2008
Laparoscopic surgery of the Liver
Cali, Colombia.

Universidad de la Frontera June 2008
Management of Biliary Injuries after Laparoscopic Cholecystectomy
Temuco, Chile.

Universidad de la Frontera June 2008
Management of Cystic Neoplasms of the Pancreas
Temuco, Chile.

Universidad de la Frontera June 2008
Minimally Invasive Surgery of the Liver

Temuco, Chile.
